

Please do not interpret this letter as an example of Powell County's lack of commitment to the Milwaukee Roundhouse. The County has a strong dedication to convert this site into a positive attribute for the community. That commitment equals to over \$900,000 the County has sought through grants for mitigation. These funds alongside the assistance by the Environmental Protection Agency achieved substantial progress at the site. Although Powell County is not in a position to reimburse for this assistance, the County Commissioners greatly appreciate the help.

Therefore, we respectfully request reconsideration of this billing notice by the Coast Guard and the Department of Justice.

Sincerely,

s/ Cele Pohle
Presiding Officer

On motion, the meeting was adjourned at 4:00 o'clock P.M.

The Board of Commissioners for Powell County, Montana, met in regular session at 9:00 o'clock A.M. Present: Presiding Officer Cele Pohle and Member Donna Young. Commissioner Mannix was excused.

Clerk and Recorder Diane Grey presented correspondence. The Board approved the following grant application for land acquisition for the Powell County and City of Deer Lodge Airport AIP 3-30-0021-012-2014.

The Board approved the request of the Election Administrator, Diane Grey, for elections judges for the Deer Lodge Rural Fire District Election.

The Commissioners received the following letter concerning the State Historic Preservation Office (SHPO #2014041401 for the Senecal Gravel Pit.

RE: SENECA GRVEL PIT POWELL COUNTY. SHPO Project # 2014041401

Dear Ruth:

I have conducted a cultural resource file search for the above-cited project located in the NW1/4 of Section 2, T9N, R7W. According to our records there have been no previously recorded sites within the designated search locale. The absence of cultural properties in the area does not mean that they do not exist but rather may reflect absence of any previous cultural resource inventory in the area, as our records indicated none.

Based on previous ground disturbance in this location, from the existing gravel pit, we feel that there is a low probability cultural properties will be impacted. We, therefore, feel that a recommendation for a cultural resource inventory is unwarranted at this time. However, should cultural materials be inadvertently discovered during this project we would ask that our office be contacted and the site investigated.

This letter is intended for the above-cited permit boundary only. If any expansion is to occur outside of the current permitted boundary a new letter must be obtained from our office, prior to any new ground disturbance.

If you have any further questions or comments you may contact me at (406) 444-7767 or by e-mail at dmurdo@mt.gov. I have attached an invoice for the file search. Thank you for consulting with us.

Sincerely,

Damon Murdo
Cultural Records Manager
State Historic Preservation Office

Commissioner Young reported the county has submitted a proposal for a Federal Lands Access Program for surface preservation for the Upper Little Blackfoot River Road.

Commissioner Young reported on the Local Emergency Planning Committee (LEPC) meeting and the Arrowstone Park.
